

CHRISTIAN SATELLITE TELEVISION BY AND FOR THE PEOPLE OF THE MIDDLE EAST AND NORTH AFRICA

**Making God's
Love Visible...**

**"SAT-7 is really a beautiful, clean, and genuine channel. It plays an important role in leading souls to the *Author of Salvation*. I am one of those who found the way to God's love through this ministry, and still my spirit finds daily spiritual refreshment through its programs."
A man in Jordan**

Making God's Love Visible...

...in the Middle East and North Africa

Almost a half a billion people live in this region, which stretches from Morocco to Afghanistan.

The area includes the fantastically wealthy and the abysmally poor. But whether they live in shining glass skyscrapers or in desert tents, the people of the Middle East and North Africa are united in their love for television.

Followers of Jesus have lived in the region since the time of Christ but intense pressures have severely restricted their activities...forcing many to keep their worship, Bible study and other Christian activities behind closed doors.

SAT-7's broadcasts are helping local Christians take the life and witness of the church directly into homes across the region, enabling millions of people to hear and see the Good News, and to meet Middle Eastern Christians for the first time.

...to change lives

SAT-7 seeks to reflect God's love through its programming, helping followers of Jesus in the Middle East and North Africa walk closer with Him, and giving all viewers a clear and culturally appropriate presentation of the Gospel. Every week millions of people watch SAT-7, and thousands contact SAT-7 by phone, e-mail, text message and through the ministry's websites, to describe how God is using the broadcasts to touch and change their lives.

SAT-7 ARABIC viewers:

"I thank God for SAT-7, for this blessed channel. Every time I watch it I feel that God is even closer to me."

A man in Algeria

SAT-7 KIDS viewers:

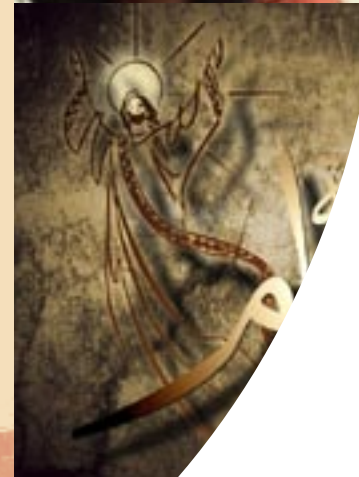

"As numerous as the stars in the sky, and the sand on the beach, so are my words of congratulations and thanks for the new SAT-7 KIDS channel!"

A viewer in Egypt

SAT-7 PARS viewers:

"I became acquainted with your television programs and had the opportunity to surrender my heart to God's commands and become a follower of the way of Christ. I thank God that he has pulled me away from darkness into the light of Christ".

...in the Middle East and North Africa

Almost a half a billion people live in this region, which stretches from Morocco to Afghanistan.

The area includes the fantastically wealthy and the abysmally poor. But whether they live in shining glass skyscrapers or in desert tents, the people of the Middle East and North Africa are united in their love for television.

Followers of Jesus have lived in the region since the time of Christ but intense pressures have severely restricted their activities...forcing many to keep their worship, Bible study and other Christian activities behind closed doors.

SAT-7's broadcasts are helping local Christians take the life and witness of the church directly into homes across the region, enabling millions of people to hear and see the Good News, and to meet Middle Eastern Christians for the first time.

...through uncensored satellite TV

Satellite TV is the most popular media in the Middle East and North Africa and is very difficult to block, unlike the Internet. Satellite TV can touch lives even in the most remote place, and SAT-7 is making the Gospel available to every home in the region.

More than 75% of SAT-7's programming is made in the Middle East by local Christians. Different programs are created to meet the needs of every member of the family, no matter their age, socio-economic status or level of spiritual development. SAT-7's satellite broadcasts can be watched in the Middle East, North Africa and Europe, and around the world via the Internet.

SAT-7 is broadcasting three 24/7 channels:

SAT-7 ARABIC

Every day this Arabic language channel broadcasts blocks of programming created specifically for children, youth, women, and general "Prime Time" audience. Programs range from documentaries, to films, to cartoons, to teaching and live-interactive programs.

SAT-7 KIDS

Building on more than a decade of experience in creating cutting-edge children's programming, SAT-7 KIDS is the first and only Arabic Christian channel exclusively for children. This channel aims to reach an entire generation with the good news of Christ.

SAT-7 PARS

SAT-7 PARS provides a vital broadcast platform for Farsi (Persian) speaking Christians who live in Iran and the wider Persian world. SAT-7 PARS reaches viewers who seek basic knowledge about Christianity and those who need encouragement in their Christian faith.

Partnering for the impossible

When SAT-7 was created in 1995, many people said it would be impossible to find the funding to create Christian satellite programming made by and for people of the Middle East and North Africa. But through the dedicated Partnership of individuals, groups, churches and organizations, SAT-7 became a reality and today is broadcasting locally made Christian programming on three channels.

You too can help!

To find out more about SAT-7, and how you can support or tell others about this ministry, please go to www.sat7.org, or contact your local SAT-7 office.

“As the largest Arabic Bible publisher, we are very excited about the unique opportunity of SAT-7 to make the message of the Bible available through satellite to all people in our region—work which is so important in the increasing non-literate world in which we live. It gives me great pleasure to commend to you SAT-7 for your prayers and financial support.”
